GENERAL INSTRUCTIONS

The purpose of the examination is to assess the candidates' level of achievement. It is not an end in itself but will help to place candidates in their career paths. Candidates should therefore approach the examination without panic.

In case of any discrepancy, the time stated on the question paper must be taken as correct. In drawing up a detailed timetable for circulation to schools and/or candidates the Board is guided by the following rules:

1. Papers included in the same period should begin at the same time, except when a candidate is offering two papers in the same period, the second paper should be timed to follow the first after a reasonable interval, but not exceeding 30 minutes.
2. Daytime periods should be provided for Art Papers.
3. No candidate may take more than one of the papers bracketed together.
